total miles driven. The language on page 7, as Senator Kremer indicated, the word "apportionable" is the same as the old term "prorating", but as they have similar meanings. It also spells out the kinds of trucks that would have to be prorated which is on the size of trucks. It's a definition with no essential change. The new language on line 9 provides some lassitude with the Director so that he can... of Motor Vehicles, so that he can fit Nebraska in with other states where there is not exact compliance, and then the new language at the top of page 6 on page 13 was a Committee amendment but that was a wrong section reference there. This is to be sure that the ad valorem taxes are paid, and then the new language which is also the Committee amendment at the bottom of Page 13 is for the issuance of a temporary license until the completed paper work is done and, then, it is also to be sure that no permit is given until all the full registration fees and taxes are paid.

PRESIDENT: Any further discussion of 454? Senator Warner, do you have any closing remarks? The question is shall LB 454 be advanced from General File to E & R Initial. All those in favor vote aye. All those opposed vote no. You are voting on the movement of LB 454 from General File to E & R Initial. Have you all voted? The clerk will record.

CLERK: 28 ayes, 0 nays, 21 not voting.

PRESIDENT: The bill is advanced. This brings up for General File consideration LB 104. Senator Syas.

PRESIDENT: Senator Syas asking to...

SENATOR SYAS: Any day next week.

PRESIDENT: You want to just bracket it for next week. All right.

SENATOR SYAS: Any day.

PRESIDENT: Senator Syas is asking unanimous consent to bracket LB 104 until any day next week. Are there any objections? Let's just bracket LB 104 until whatever time you want to bring it up again, Senator Syas. That would be the best bet. It is hard for the clerk to determine which day we ought to bring that up. Any objections to bracketing the bill until next week. Hearing none. So ordered. Moves us on to what, 257? LB 257. Senator Barnett, for what purpose do you rise?

SENATOR BARNETT: Mr. President, it doesn't make much difference if it is Senator Carpenter or me, but I do have the information that was requested on these 14 bills on the Senators desks now and I would like to take this up to get these introduced, if I possibly could? If 257 is ahead of it, why that would be all right with me.

PRESIDENT: Senator Carpenter, for what purpose do you rise?

SENATOR CARPENTER: 257 because of its importance in my judgment, it would be the first order of business on Monday. It has to do with the raising of a substantial number of state employees.

PRESIDENT: Senator Carpenter is asking unanimous consent now to bracket LB 257 until the first order of business on General File Monday. Are there any objections? Hearing none. So ordered. We will revert back, then, to Senator Barnett's request which was to suspend the Rules and take up
